

# Dear student,

We are eagerly inviting you to study at the University of Primorska - Faculty of Mathematics, Natural Sciences and Information Technology (UP FAMNIT) in Koper, Slovenia.

## Studying mathematics with us

UP FAMNIT offers study **programmes in mathematics in English** for all three Bologna cycles (BSc, MSc and PhD). The programme is taught by an **international team of professors**. Studying with them will give you all the tools, skills and expertise needed to pursue a wide variety of careers worldwide after your degree.

If you are interested in studying abroad, UP FAMNIT's **strong research connections with other universities** (mainly in China, South Korea, the USA, Canada, Australia, New Zealand and other European countries) will give you the opportunity to complete a semester of your studies abroad.

UP FAMNIT has an impressive track record in **placing its graduates at world-leading research institutions**. Recent graduates have gone on to seek advanced degrees at Rutgers University (USA), University of Technology Munich and University of Bonn (Germany), University of Copenhagen (Denmark), University of Edinburg and University of Birmingham (UK), VU University Amsterdam (Netherlands), University Paris Diderot (France) etc.

The mathematicians at UP FAMNIT form **one of world's leading research groups in the field of algebraic graph theory** (the others are in South Korea, China and Australia).

## The town and the university

The university is conveniently located in a small coastal town in Central Europe offering students easy access to the Adriatic Sea, the Alps and the rest of Europe.

The university is an important member of the community and there are **many activities** students can participate in throughout the year. Student associations and organisations offer daily sport and recreation activities, workshops, cultural, art and music events.

In the 2016/17 academic year, more than 60% of students in the Mathematics undergraduate study programme come from abroad.

## The University also offers scholarships for students

To apply, please fill in our informative pre-application form and return it to us by **5 June 2017** the latest. Soon after the deadline, you will be notified, whether you are eligible for scholarship. All candidates will then be invited to submit the required documentation needed for the enrolment to a specific study programme.

The 2017/18 academic year begins on 2 October 2017.

We hope that you will send your pre-applications soon.

**For additional clarifications and explanations, please visit [www.famnit.upr.si/en](http://www.famnit.upr.si/en) or contact our International Office at [international@famnit.upr.si](mailto:international@famnit.upr.si).**

Thank you very much for considering UP FAMNIT in your plans for future studies. We wish you every success in your future endeavours.

Sincerely,

Assoc. Prof. Dr. Klavdija Kutnar,  
Dean of UP FAMNIT

**Mathematics at UP FAMNIT scored excellent results in Multirank – we achieved 20th place among the 216 universities in the world!**
