Come explore the mountains, rivers, coast, and wilderness of the Pacific Northwest as you intern at one of the top schools of Forestry in the world.

OSU College of Forestry is ranking #2 in the world and is a world leader in research and application.

In summer 2025 we are accepting a small number of **current** international students (undergraduate or Masters) to intern with our faculty for two months. You'll spend time in our state-of-the-art research labs, conduct field-work, and advance active global projects.

- 2 month internship working directly with Forestry professors in Corvallis, Oregon

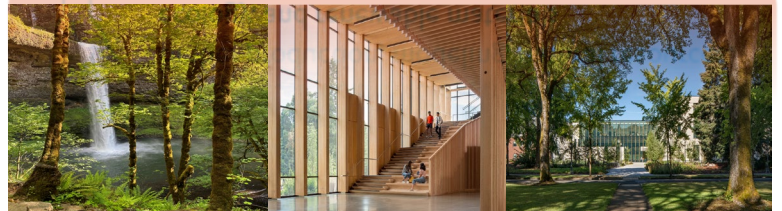

- Assistance in J-1 visa processing
- Full reimbursement for visa, flight, housing, meals, and health insurance during the program dates

- Meet and connect with leading researchers and professionals in forest management, timber production, modeling, natural resources, ecology, and renewable materials

For 2025, we are accepting interns from Universidad de Chile, Universidad Aysen, Universidad Austral, Ecole Supérieure du Bois, Fachhochschule Salzburg, MEDfOR Consortium Universities, Swedish University of Agricultural Sciences, National Taiwan University, Fujian Agriculture and Forestry University, University of Malaysia-Sabah, Universiti Teknologi MARA, University of Ibadan, University of Rwanda, IPRC- Kitabi, and Makerere University.
